## Legal Name Fraud Truth Channel

### Clipboard Notes for Copy/Paste = EZ Truthing

1. Sharing Truth
2. Setting Up Social Media Sites properly, i.e. with The Truth
3. Uploading Truth Files, Pics, Vids etc (properly labeling, tagging, captions, etc.)

### CELL PHONE SET-UP:

If sharing truth on a mobile device, be sure to at least have one of these 2 short form messages saved into your **mobile clipboard** for quick **Truth Blasting**:

Feel free to **interchange** various truth hashtags, however, keep in mind the **CORE HASHTAGS** in which we seek to utilize mostly over any other hashtags.

*(see lists on later pages)*

### Short Form Truth Messages for posting into any social media sites as a post or as a comment:

1. It's illegal to use a legal name, Read and Share the #BCCRSS #legalnamefraud #truthbillboards #legalnamefraudradio #idsillegal #CRSSNOW #CRSS  
 <https://legalnamefraud.carrd.co>

or

2. It's illegal to use a legal name, Read and Share the #BCCRSS #legalnamefraud #truthbillboards #legalnamefraudradio #idsillegal #CRSSNOW #CRSS  
 <https://crssnow.wordpress.com>

### Long Form Truth Message for sending emails out:

The long form clipboard text that you want copied is basically the short form combined with the 10 Commandments and the entire BCCRSS writings.

Here is a link to a file that you can use for easy copy/pasting.

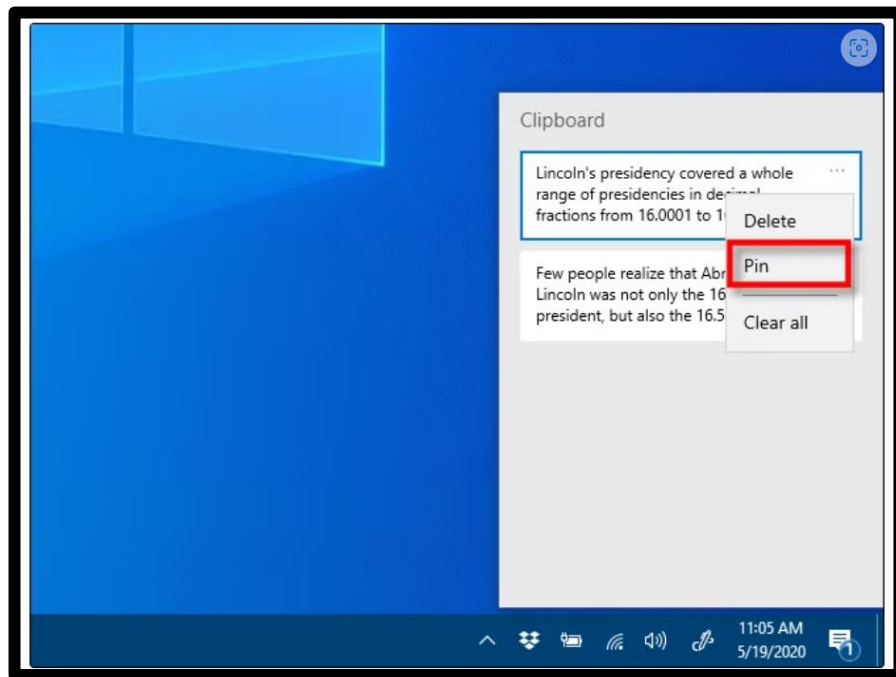

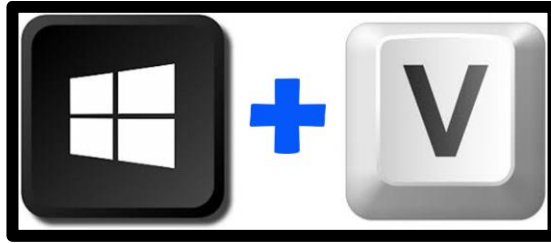

*(feel free to include any TruthBillboard Picture(s) in the email attachments if you so desire.)*

 [Long Form Email Format - BCCRSS Email Ready 2 Serve - Quick Copy/Paste](#)

**COMPUTER SET-UP:**

If sharing truth on a computer, be sure to at least have these 2 messages (or similar) saved into your computer clipboard. (One short form and one long form version, at the very least)

\*If you've never activated your computer's clipboard, simply press Windows+V and turn it on, once activated the clipboard will pop up upon each time you press Windows+V.

**To copy** the text in which you seek to attach to your clipboard, simply highlight all of the text that you wish to copy and then press **CTRL+C**.

**To open your clipboard**, press **Windows+V**.

There, you will see the message that you just copied, now you can **PIN** it to your clipboard.

Clear All will delete whatever you copied throughout your day. However, it won't delete what you Pinned.

Upon selecting a text block that you have saved in the clipboard, simply select it and it will paste right into wherever your cursor is currently positioned within a text field.

**1. Standard Text used for any/all Description boxes:**

(Depending on which site you are on, you will have a different set amount of characters that you are able to utilize. Feel free to add more hashtags and/or interchange them. Be sure to at least have a few of the **core hashtags** included though.) Have fun!

**Bonus Zinger Message and/or Description: (thanks Larry):**

<https://legalnamefraud.carrd.co/>

👁️ The 10 Commandments is the Law. The fallen angels took the Law and RULED IT calling it,  
 "The rule of law" or "legal". Legality is not reality is a maxim of law.

Legal is the League of Hell where the fallen angels fell and you can't buy or sell or even play the  
 game without using one, illegal to use legal name. 🙄

It's illegal to use a legal name, That's the spell that wins this GAME!

Getting the word out is my only claim to fame, It's illegal to use a legal anything !!!

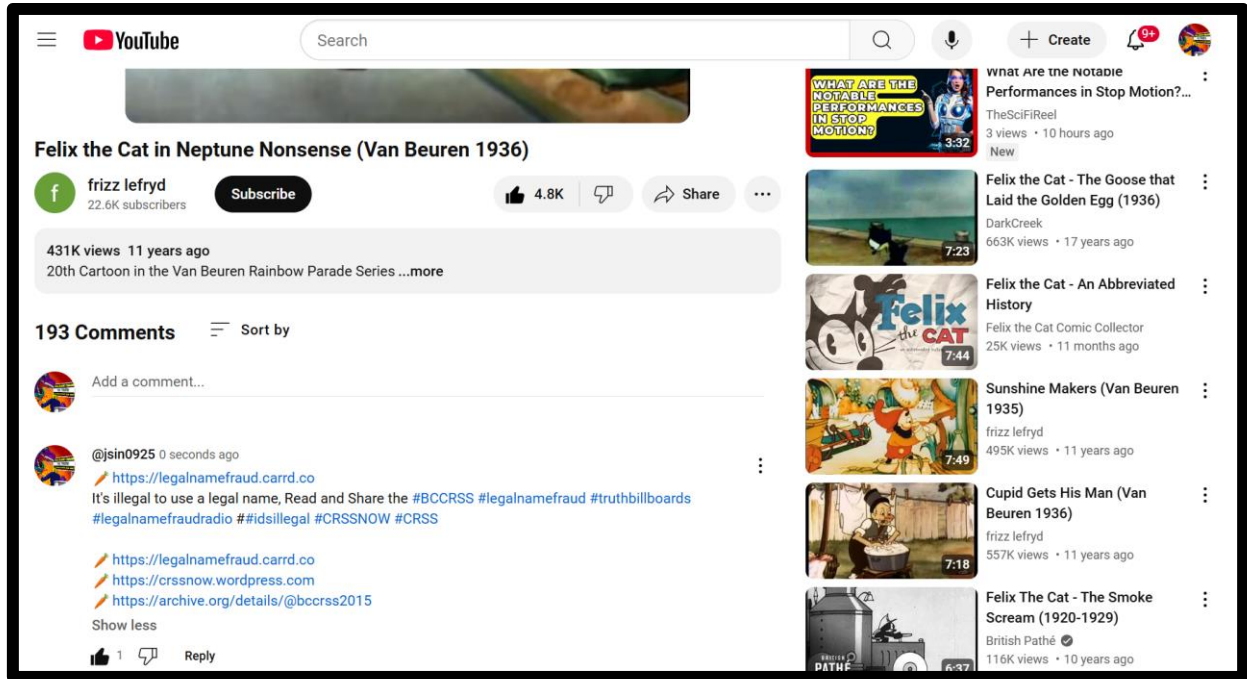

Read the #BCCRSS !!! #IDsILLEGAL #CRSSNOW #JudgeBows #TruthBillboards

Remember.... Breathe, Relax and Learn. We're here to help. Patience is key!
